Napkins 101

Napkins are available printed on soft, three-ply custom paper and are available in coined and uncoined styles. Coined napkins feature embossing along the open edges of a paper napkin that resembles the edges of a coin. Coining gives napkins a polished look, but reduces the area available for the design.

Beverage napkins are perfect for serving cocktails and appetizers. Plan on three beverage napkins per guest for a formal event. If you'll be serving desserts, like wedding cake, order two additional beverage napkins for each guest. Luncheon napkins and guest towels are needed when a meal is served. Plan on two napkins per guest.

Napkin Printing Processes

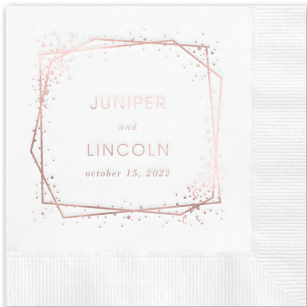

Color choices depend on the print process used. Foil stamped napkins are available in a multitude of colors. Digitally printed napkins are available in white and ecru. Guest towels are available in white, ecru and a limited array of colors.

Oh La Color® Digital Printing

Digitally Printed

Our 4-color digital printing is state-of-the-art and the color quality is exceptional. You'll be amazed at the clearness of the image and the beauty of the colors. They're the perfect way to showcase your company logo, original artwork or a special photo. Digitally printed napkins are available in white and ecru if applicable.

Foil Stamped

Foil stamping is the perfect way to customize napkins with a name or monogram, company logo, quotation or custom design. Foil feels satiny smooth to the touch and its shimmer and shine adds glamour to any event. Foil stamping is available in metallic and matte foil, and with nearly 20 foil colors and over 15 paper colors, it's easy to coordinate with event or brand colors.

Digitally Printed + Foil

Foil stamping is a beautiful complement to digital printing. The full-color capabilities of digital print opened up a new world of possibilities to designers, and today digital print is everywhere. Combine the star quality of traditional foil stamping with state-of-the-art digital printing to bring your vision to life.

Holiday Napkins

Jazz up your family gatherings with holiday napkins featuring state-of-the-art digital printing, which provides rich, vibrant color for both the design and the personalization. The best part about personalized Holiday napkins is that you get a large amount for a great price, which means you can use these napkins year after year. We recommend personalizing with generic details that don't include dates or other things that could change.

Custom holiday napkins are available as beverage and luncheon napkins. The smaller size of beverage (a.k.a. cocktail) napkins makes them a versatile choice for holiday celebrations. Place them at the bar, on the kitchen table or wrap a stack in ribbon with a bow and give them in a gift basket. Luncheon (a.k.a. dinner) napkins are a fun alternative to linens if you're looking for something a little more casual to impress your guests.

Are you ready to make your holiday celebration one to remember? Find the napkin design you love, then sit back and enjoy the compliments as family and friends rave about your attention to detail and stylish choice. Check the product details below each napkin to see if personalization is available.
